FINANCIAL CONTROLLER

£ Attractive + car + benefits

Our client, part of a highly successful international parent, is an exciting entrepreneurial high-tech electronics company, specialising in developing and delivering high quality niche instrumentation for a demanding international customer base.

They are now seeking an experienced Financial Controller who will work closely in supporting the Managing Director and be an important member of the Senior Management Team.

You will enjoy responsibility for the continuing development of robust financial controls across the business and will provide full statutory financial information, as well as preparing detailed monthly management accounts for local and parent company requirements.

A "hands on" Accountant, you will be directly responsible for the development of a small team and will undertake key tasks within company secretarial and administration including leases and agreements, insurances, export documentation and staff welfare facilities. It is also anticipated that you will become a Pensions Trustee.

You will utilise your financial and commercial skills in a credible and decisive manner in order to influence decision making and will be instrumental in raising the profile of the function and supporting Managers across the business.

A strong communicator, you should be familiar with the application of integrated accounting control systems. Experience with Micross and Sage would be advantageous.

In return you will be offered an exciting and challenging position within an environment that will stretch your talents to the full.

Please send your detailed CV quoting reference number 09/1650 by 29 December, 2008 to our retained consultant
